**Boston Acoustics A 360**

Strongly built, sensibly priced with unbelievable performance. It seems Boston Acoustics got it all right this year. The A 360 does not seem like a speaker that would deliver but boy looks can be deceptive! You will experience a powerful and a cohesive soundstage, with complete control of the musical performance. Each of the four drivers will be in sync with each other and you will enjoy the full-bodied sound of the floorstanding speakers with excellent integration and stereo imaging.

**Paradigm Monitor 11**

The Monitor 11 are from a speaker line-up with a fairly impressive legacy. These speakers completely took us by surprise with their excellence. The congenial characteristics of the floorstanding speakers qualify them as a very easy fit with most amplification. How’s that for ease of use?
