FILLED WITH LIQUIDS, SUCH AS VASES, SHOULD NOT BE PLACED ON. NOT EXPOSE THIS APPARATUS TO RAIN OR MOISTURE, AND OBJECTS PLUG TO WIDE SLOT, FULLY INSERT.

CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK, MATCH WIDE BLADE OF PLUG TO WIDE SLOT, FULLY INSERT.

WARNING: TO REDUCE THE RISK OF ELECTRIC SHOCK, DO NOT OPEN. NO USER-SERVICEABLE PARTS INSIDE. REFER SERVICING TO QUALIFIED PERSONNEL.

The lightning flash with arrow head symbol within an equilateral triangle, is intended to alert the user to the presence of uninsulated “dangerous voltage” within the product’s enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the product.

What You Are Responsible For:

- Provide normal/reasonable operating care and maintenance;
- Provide proof of purchase (your sales receipt given at time of purchase from your Authorized Paradigm® Dealer);
- Should servicing be required, contact your nearest Authorized Paradigm® Dealer, Paradigm Electronics Inc. or Import Distributor (outside the U.S. and Canada) to arrange, bring in or ship prepaid any defective unit. Visit our website at www.paradigm.com for more information.

Paradigm Electronics reserves the right to improve the design of any product without notice as design improvements are incorporated.

Paradigm® PT2 is warranted to be and remain free of manufacturing and/or material defects for a period of three (3) years from the date of the original retail purchase. Within this specified period, repair, replacement or adjustment of parts for manufacturing and/or material defects will be free of charge. Thermal or mechanical abuse/ misuse is not covered under warranty.

Limitations:

- Warranty begins on date of original retail purchase from an Authorized Paradigm® Dealer only. It is not transferable;
- Warranty applies to product in normal home use only. If the product is subjected to any of the conditions outlined in the next section, warranty is void;
- Warranty does not apply if the product is used in professional or commercial applications.

Warranty Void:

- The product has been abused (intentionally or accidentally);
- The product has been used in conjunction with unsuitable or faulty equipment;
- The product has been subjected to damaging signals, damage in transport, mechanical damage or any abnormal conditions;
- The product (including cabinet) has been tampered with or damaged by an unauthorized service facility;
- The serial number has been removed or defaced.

What You Are Responsible For:

- Provide normal/reasonable operating care and maintenance;
- Provide or pay for transportation charges for product to service facility;
- Provide proof of purchase (your sales receipt given at time of purchase from your Authorized Paradigm® Dealer);

Paradigm Electronics Inc. reserves the right to improve the design of any product without assuming any obligation to modify any product previously manufactured. This warranty is in lieu of all other warranties expressed or implied of merchantability, fitness for any particular purpose and may not be extended or enlarged by anyone. In no event shall Paradigm Electronics Inc., their agents, or representatives be responsible for any incidental or consequential damages. Some jurisdictions do not allow limitation of incidental or consequential damages, so this exclusion may not apply to you.

Retain this manual and your sales receipt for proof of warranty term and proof of purchase.
ABOUT YOUR PT-2 TRANSMITTER

In a typical listening room the PT-2 transmitter has a maximum range of 50’ (15 m). Obstructions such as walls, large pieces of furniture, room dividers, etc., may reduce this range. Do not place subwoofer(s) and transmitter farther apart than the recommended range. The PT-2 is a 2.4 GHz digital design that automatically adjusts for best wireless connection while constantly monitoring the integrity of the data stream. An RCA audio cable is required to connect it to your A/V receiver or preamplifier.

Your PT-2 transmitter will work with a subwoofer(s) in a second zone (i.e. another area of your home).

TIP! To minimize the chance of signal dropouts or signal interference, keep the PT-2 transmitter out of range of a receiver operating on the same frequency.

IMPORTANT! Paradigm recommends using speaker-level OR line-level connections. DO NOT USE BOTH CONNECTIONS AT THE SAME TIME.

Your PT-2 transmitter is designed to work with Paradigm brand subwoofers only.

LINE-LEVEL CONNECTION (WITH SUB-OUT/LFE): VOLUME CONTROLLED BY RECEIVER

Receiver with bass management.

Receiver without bass management.

LINE-LEVEL CONNECTION (NO SUB-OUT/LFE): VOLUME CONTROLLED BY RECEIVER

Receiver with bass management.

Receiver without bass management.

SPEAKER-LEVEL CONNECTION: VOLUME CONTROLLED EXTERNALLY (ZONE 2)

Receiver with line-level connection.

WIRELESS SYNC INSTRUCTIONS

All subwoofers must be unplugged from outlets.

1. Plug in PT-2 wireless transmitter.
2. Press and hold sync button on front panel of PT-2 for 3 seconds. The LED will blink quickly.
3. Within 60 secs of pressing the sync button all subwoofers must be plugged in. Once all subwoofers are synched, the LED will remain ‘on’.

TIP! Once all subwoofers have been synched, if necessary they can be unplugged and moved without resynching again.

LATENCY SWITCH INSTRUCTIONS

The latency switch adjusts the delay between the PT-2’s audio signal input and the subwoofer receiver’s RF output, optimizing integrity of the wireless transmission. Start with the switch in the 15ms position. If you experience sound quality issues (i.e. drop-outs, pops, ticks), you can improve the connection by moving the switch to 20ms or 25ms to increase latency.

LED STATUS

Off: No power.
Fast blinking: Setup mode.
Dim: Unit in standby mode, no transmission.
Slow blinking, ‘off’ to bright: Waking from standby mode and synching.
Slow blinking, dim to bright: At least one subwoofer is synched. Permanently On: All subwoofers synched and receiving signal.

RECYCLING AND REUSE GUIDELINES FOR EUROPE

In accordance with the European Union WEEE (Waste Electrical and Electronic Equipment) directive effective August 13, 2005, we would like to notify you that this product may contain regulated materials which, upon disposal, according to the WEEE directive, require special reuse and recycling processing. For this reason Paradigm Electronics Inc. Manufacturers of Paradigm speakers and Acoustemobolism have arranged with our distributors in European Union member nations to collect and recycle this product at no cost to you. To find your local distributor please contact the dealer from whom you purchased this product or go to our website at www.paradigm.com.

Please note that the product only falls under the WEEE directive. When disposing of packaging and other shipping material we encourage you to recycle through the normal channels.
